The Premium range of ASKIN Performance Panels comes with COLORBOND® METALLIC G300S AM100 steel for the ultimate in beauty and enhanced building design or COLORBOND® G300S AM150 steel for more severe environments. The enhanced COLORBOND® steel with Activate™ technology is made for Australian conditions with a durable, baked-on paint finish, COLORBOND® steel resists chipping, peeling and cracking to deliver long life performance with low maintenance

The COLORBOND® steel colours shown have been reproduced to represent product colours as accurately as possible. However, limitations of web palette colours affect colour tones. Please note if you are printing this page the colours should not be used for colour matching.
